

Saudi Arabia Signs \$896 Million USD in Contracts

21 Feb 2011 - 14:21 by Local Press Report

RIYADH (Local Press Report) — The Saudi Ministry of Water and Electricity has signed \$896 million USD in contracts for water supply, sanitation and maintenance projects. The Higher Commission for the Development of Riyadh is constructing a 288-kilometer underground water network to handle high water levels in various districts. Officials in Makkah province earlier announced increased efforts to prevent future floods like those that affected Jeddah in the past 15 months.
